Date Of Issue: March 2019

FR490 Ferric Brush On Oxide

Not classified as Hazardous According To Criteria Of Safe Work Australia.

IDENTIFICATION

Product name: Cesco™ Brush-on Oxide

Code: FR490 Ferric Brush On Oxide

COMPOSITION/INFORMATION ON INGREDIENTS

| Components | CAS number | Proportion: |
|----------------|------------|-------------|
| Chemical Name | | |
| Iron Oxide-Red | 1309-39-1 | >60 |

PHYSICAL DESCRIPTION/PROPERTIES

Appearance: Red viscous liquid
Odour: Negligible
Boiling point: Not applicable
Melting point: >400° C.
Vapour pressure: Not applicable
Specific Gravity: Approximately 4.5
Flashpoint: Not applicable
Flammability: Does not burn
Solubility in water: Negligible

HEALTH HAZARD INFORMATION

Health effects:

Acute

Ingestion: Product has low solubility.
Ingesting small amounts is unlikely to cause any severe health risks.
Large oral doses may cause gastrointestinal irritation.

Inhalation: Breathing dust/fumes may cause respiratory irritation and discomfort.

Skin & Eye contact: Dust may irritate the eyes and skin
Acts as nuisance dust.

Chronic

Chronic Exposure: Prolonged exposure to dust may lead to pulmonary problems.

Products which contain crystalline silica may have a proportion become airborne as respirable dust when in the dry form. Repeated exposure to respirable crystalline silica may lead to silicosis, a serious lung disease. The onset of silicosis is usually slow and lung damage may occur even when no symptoms or signs of ill-health have occurred. Development of silicosis may increase the risk of later development of lung cancer. It may also lead to other diseases including heart disease and scleroderma

FR490 Ferric Brush On Oxide

First Aid Measures:

Eye Contact Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if irritation persists.

Ingestion: Rinse mouth. Do not induce vomiting. Seek medical advice.

Inhalation: Move to fresh air. If breathing has stopped, apply artificial respiration and seek medical attention.

Skin contact: Wash off with soap and plenty of water.

Advice to Doctor: Treat symptomatically.

PRECAUTIONS FOR USE

Exposure Standards

| | |
|--------------------|--|
| Exposure Standards | Iron Oxide TLV TWA 6.0 mg/m ³ ACGIH = American Conference of Governmental Industrial Hygienists. TWA = Time Weighted Average NOHSC =National Health & Safety Commission |
|--------------------|--|

Personal protection

VENTILATION: Use local exhaust ventilation to keep air contaminants below their TWAs

PERSONAL PROTECTION: Safety glasses/goggles
Cotton work gloves
Apron or overalls
Face mask or respirator conforming to AS1715 for dust

SAFE HANDLING INFORMATION

Accidental release measures

Clean up/Disposal: For small spills or leaks, wash with plenty of water.
For large spills pick up as much as possible and dispose of in closed containers, wash the remainder with plenty of water.

Personal Protection: Wear apron or overalls, rubber gloves, chemical goggles or safety glasses.

Handling and storage

Wear personal protective equipment.
Wash thoroughly after handling.

Keep lids on containers tightly closed.
Store away from consumables.
